

DRILL PIPE PROTECTORS

Drill Pipe, API, Light Duty, Closed End

Specifications

- Material: HDPE
- Color: Black

Features

- Light weight plastic
- Available in liftable and non-liftable designs
- Used to protect common API drill pipe thread connections against dirt, moisture, and corrosion
- Recommended for short term storage and in-yard transportation only
- 100% recyclable

DRILL PIPE PROTECTORS

Drill Pipe, API, Heavy Duty, Closed End

Specifications

- Material: HDPE
- Color: Black

Features

- Available in recessed liftable and non-liftable designs
- Used to protect common API drill pipe thread connections against dirt, moisture, corrosion, and impact
- Recommended for long-term storage and rugged flatbed transportation
- Extra heavy duty plastic for maximum thread protection
- Reduced freight expenses for extra-heavy duty protection over composite style
- 100% recyclable

DRILL PIPE PROTECTORS

Drill Pipe, API, Metal, Closed End

Specifications

- Material: Steel
- Color: Silver / Gray

Features

- Uncompromising, heavy-duty protection of the entire thread form
- Provides protection even in the most extreme weather conditions
- Extra-heavy, steel construction
- Thread form and size permanently stamped on the part
- Easy installation and removal
- CNC precision cut thread
- Available in common API connections

Utility Drill Pipe/HDD Protectors, Closed End

Specifications

- Material: HDPE
- Color: Grey

Features

- Available in liftable and non-liftable designs
- Light duty design
- Used to protect common utility drill pipe/HDD thread connections
- Protects from dirt, moisture, and corrosion
- Recommended for short term storage and in-yard transportation only
- 100% recyclable
